COSMENYL®

BLACK C 130 VP 6161

This carbon black pigment preparation creates a deep black shade which can be used for different cosmetic applications such as eyeliner, mascara or nail polish. The carbon black used for the production of Cosmenyl Black C 130 VP 6161 fulfills the high-purity criteria for cosmetic applications and can therefore be used for the coloration of rinse-off cosmetic products in all countries applying EU and/or U.S. (FDA) as well as Japanese regulations.

All other ingredients used for Cosmenyl Black C 130 VP 6161 also comply with the requirements applicable to cosmetics.

EU COSMETIC REGULATION	Regulation (EC) No 1223/2009 of the European Parliament and of the Council of 30 November 2009 on cosmetic products as amended in Annex IV (EU) 2016/1120 of 11 July 2016 amending the purity criteria for Carbon Black, C.I. 77266
U.S. FDA COSMETIC REGULATION	21 CFR (Code of Federal Regulation) part 74, subpart C for D&C Black 2 and each batch of D&C Black No. 2 used for production of the pigment preparation is certified by the U.S. Food and Drug Administration (FDA).
JAPAN REGULATION	Japanese cosmetic standard, MHLW

PRODUCT COMPOSITION OF COSMENYL C 130 VP 6161	
Pigment content	approx. 19%
Glycerin content	approx. 30%
Water content	approx. 44%

ADVANTAGES AT A GLANCE

Based on Clariant's recognized expertise in dispersing pigment preparations, Cosmenyl Black C 130 VP 6161 provides advantages for your cosmetic formulation:

- water-based pigment preparation compatible with a wide range of cosmetic formulations
- no pigment grinding and dispersing
- easy to handle, dose, and incorporate
- supports high pigment loading levels
- optimized color strength and hiding power
- no re-agglomeration or sedimentation of the black dispersion
- high batch consistency
- long storage stability
- meets strict purity criteria, including microbiological specifications
- Clariant's technical experts support you with color matching services and applications related tests in our laboratories around the globe

Overall, Cosmenyl Black C 130 VP 6161 increases quality and efficiency as well as saves time and avoids dusting in your production process.

APPLICATIONS

Cosmenyl Black C 130 VP 6161 can be used in different applications such as decorative cosmetics, including eyeliner, mascara, nail polish and body paints. It can also be used in toiletries, including shampoos and soaps.

PREMIUM PACKAGING

Cosmenyl Black C 130 VP 6161 will be delivered in well-sealed and easy to handle containers made from high-density, easy-to-recycle polyethylene (HDPE). The pails comply with international transport standards and contain 15kg of black pigment preparation.
