

COLORANT RANGE OVERVIEW FOR HOME AND PERSONAL CARE PRODUCTS

HEUBACH

COMPETENCE IN COLOR

The following tables contain a selection of colorants successfully used in home and personal care applications. Included in Heubach's extensive portfolio is a multitude of other colorants which may perform perfectly in your specific application.

Please do not hesitate to contact our experts for additional product and application recommendations.

This shade card represents the colorant in four-color printing. Slight differences in shade might occur in your application.

Additionally, the final formulation has an impact on the color appearance. Please conduct preliminary tests to match the shade to your requirements. Our product portfolio is continuously being improved to keep pace with the dynamic market needs.

Heubach utilizes its global network of production and service facilities to satisfy customers' requirements.

We have technical competence centers for the home and personal care industries in four continents: Europe (Germany), the Americas (Brazil, Mexico, United States), Africa (South Africa), and Asia (China, India, Malaysia). As a supplier to the consumer goods industry, we provide comprehensive support in the areas of product safety, toxicology, and regulatory support.

In general the manufacturer of the formulation is responsible to use ingredients that meet the respective regulations. Colorants mentioned in this brochure are not to be used for food coloration.

Please tell us your requirements. We listen to our customers.
